

SPEAKER SERIES

The *NEIA Speaker Series* brings environmental sector experts and decision-makers to share, in an intimate setting, their experiences and points of view with interested firms and individuals.

Participants are given the opportunity to meet industry experts and network with professionals who have similar interests. At the same time, speakers are able to present to and interact directly with environmental sector stakeholders.

NEIA's *Speaker Series* events are free-of-charge, and are typically held at noon, in the NEIA board room, with a light lunch provided.

SPONSORSHIP

There are opportunities for sponsorship of the *NEIA Speaker Series*. Organizations are able to sponsor the *Speaker Series* for three-month intervals, and can take advantage of a variety of benefits:

- Sponsors can help shape *Speaker Series* themes and topics, and identify presenters;
- Sponsors will enjoy significant exposure within the sector through NEIA's communications and promotions leading up to each event; and
- Sponsors are encouraged to have a presence at the *Speaker Series* event, by introducing the invited speaker and/or by displaying marketing material within the venue.

There are three annual *Speaker Series* sponsorships available, and each is for a duration of three months. During each sponsorship, there will be no less than three *Speaker Series* events promoted and held.

- January 1 - March 31
- April 1 - June 30
- September 1 - November 30

The cost of each sponsorship is **\$1,000**. For more information, please contact NEIA at info@neia.org.
