

# HR PRACTICES TO REDUCE YOUR HUMAN CAPITAL RISK

## Learn how to manage one of your organization's greatest risks...

*"Human capital risk ranks 4th out of 11 risks in terms of potential business impact. This makes it more important than many other areas that often get more risk management attention, including IT, finance, reputation management, and supply chain"* -Conference Board of Canada

### Increase your knowledge of how to lower your human capital risk and engage in best practices in the following areas:

- HR Policy Development
- Succession Planning
- Recruitment of Talent
- Assessment of HR Practices
- Diversity and Inclusion
- Retention of Employees
- Termination of Employees
