

# Growth of the Green Economy in NL

The Newfoundland and Labrador Environmental Industry Association (NEIA) is a not-for-profit association of businesses that promotes the growth and development of the green economy in Newfoundland and Labrador. With over 160 members, NEIA offers a diverse range of expert knowledge and support services for firms and organizations working to grow economic opportunity while respecting our natural environment. To achieve sector growth objective objectives, NEIA focuses its activities and initiatives in 5 areas, by providing: firm-level supports to drive business growth; training and professional development opportunities tailored to environmental sector employees; tools to encourage and foster innovation and productivity; export and international trade support; and leadership on policy and advocacy issues. Ted will speak on the current programming of NEIA throughout the province, the benefits it offers local business, and how it contributes to environmental sector growth.

**Guest Speaker:** Ted Lomond, General Manager, NEIA  
12:30-1:30pm Thursday, Oct 16th  
Room 2016, Arts and Science Building, Grenfell Campus  
Free of Charge Open to the Public

**coastal matters**

*Coastal Matters is supported by the Department of Fisheries and Aquaculture,  
Government of Newfoundland and Labrador.*
